

A woman with blonde hair, wearing a light-colored sweater and brown trousers, is standing in a modern kitchen. She is looking into a pull-out storage unit that is open, revealing shelves with various kitchen items like a kettle, bowls, and a pot. The kitchen features dark, minimalist cabinets and a light-colored countertop. In the background, there is a sink with a black faucet and a set of glass-fronted cabinets displaying dishes. The floor is a light, neutral color.

peka Forte

Heavy loads sorted. The heavy-duty runner transforms challenging situations into organised storage space – ideal for creative pull-out units in private, public or industrial applications.

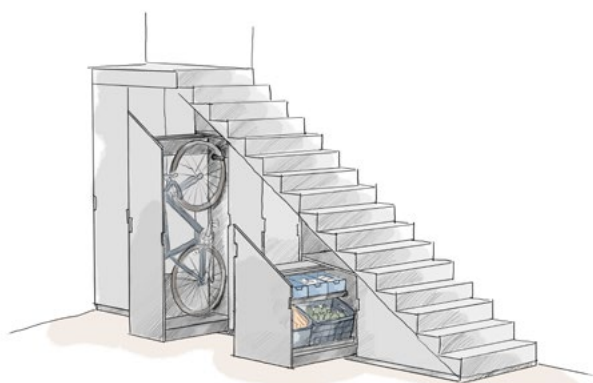

Larder pull-out

peka Forte

The full-extension runner provides the basis for custom-designed pull-out units made of wood.

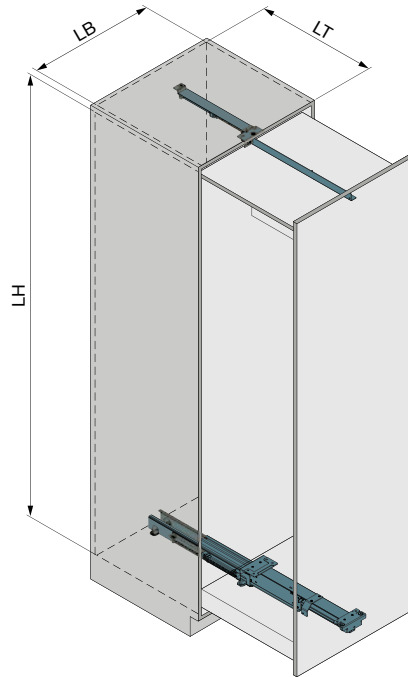

peka Forte is a high-quality, flexible runner system designed to handle heavy loads up to 340 kg. It transforms challenging situations into organised storage space – ideal for creative pull-out units in private, public or industrial applications. Eleven length variants and various installation options with concealed technology offer maximum design freedom. The durable, quiet runner with uniform soft opening and closing ensures a high level of user comfort. peka Forte can be installed quickly and precisely, as it consists of only four components, features front adjustment and is compatible with automatic screwdrivers.

FEATURES AND BENEFITS

- + Design freedom thanks to various installation options and concealed technology
- + Durable and quiet runner technology
- + Uniform soft close right up to the final part of the closing movement

PRODUCT DATA

Handle-free fronts	no
Barrier-free	no
Integrated Softclose	no
Integrated Softopen	no
Type	380/430/480/530/580/630/680/780/ 880/980/1080
Colour	light grey
Load capacity	Single pull-out: 170 kg Coupled pull-out: 340 kg
Interior width (LB)	124/252-568/768 mm
Interior depth min. (LT)	385/435/485/535/585/635/685/785/ 885/985/1085 mm
Interior height (LH)	400-2400 mm

TECHNICAL CHARACTERISTICS

- ▶ Load capacity of up to 340 kg
- ▶ 11 length variants
- ▶ Mounted on the base and at the top, making it suitable for all cabinet widths
- ▶ Connector set for dual runners guarantees parallel installation
- ▶ Quick installation thanks to pre-assembled components
- ▶ Suitable for automatic screwdrivers

Full-extension runner peka Forte

The full-extension pull-out is the basis for a custom-designed pull-out unit made of wood.

Please note: Type 380 (item no. 100.1368.14) is not compatible with Softclose (item no. 100.1379.00).

Includes

- 1 full-extension runner
- 1 upper slide

Technical data

- Integrated Softclose: no
- Integrated Softopen: no
- Material: powder-coated sheet steel
