The drilling screw

REISSER
SCHRAUBENTECHNIK

REISSER SPARIBO®

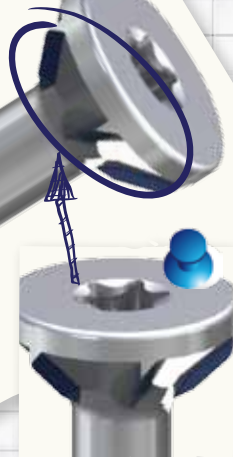

Guaranteed reliability!

- ETA approval guarantees quality

Less discards ensures quality and saves money!

- Drill tip pre-drills and prevents the material from splitting

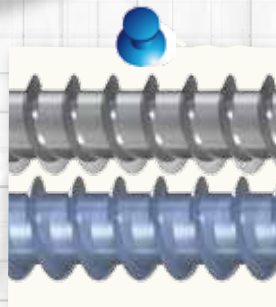

A neat surface – faster!

- Milled ridges underneath head create perfect countersunk in wood
- No pre-countersunk required

Custom colours on request!

- Finish in uncoated A2 stainless steel and RUSPERT® silver, blue and yellow zinc plated

Ease of inserting!

- Anti friction coating reduces resistance when fastening

Also suitable for outdoors!

- Thanks to A2 stainless steel

Field of application

In steel universal use for indoor wood constructions.

In A2 stainless steel for indoor and outdoor wood joints and in damp areas

- Interior works
- Furniture construction
- Wood structures
